NOTICE.

The prices in this Catalogue are intended only for Nurserymen, Dealers, and those purchasing largely to sell again. We offer the articles comprised in this list at very low rates

The most careful attention is paid to the propagation of all articles in our line.

Our stock is very large in both the Fruit and Ornamental department.

The time for shipping varies according to the season. We commence shipping as soon as the frost is out of the ground, and weather will permit.

Those favoring us with their orders, will please give PLAIN DIRECTIONS how and where they wish their articles forwarded, and to whom consigned. Where no route is designated, we shall send by the one we deem best.

Articles purchased of us are correctly labeled and carefully packed in bales or boxes at the cost of the purchaser, but no charge made for delivering the same at the railroad; after leaving our hands in good condition, they are ENTIRELY AT THE RISK OF THE PURCHASER.

This Catalogue is intended to govern prices for this Spring only.

CONDITIONS.

☞Articles in the following list, to be furnished at the prices named, ONLY WHEN THE SPECIFIED QUANTITY SHALL BE ORDERED. We will make a liberal discount from our retail prices to the trade, where less quantities are ordered, which will be governed by the amount.

In no case will we supply long lists of selected varieties of either Fruit or Ornamental Trees, or Plants, at WHOLESALE RATES, but at such a discount from retail prices as circumstances will justify.

As far as we can we will give the purchaser his choice of varieties; but where we cannot do it fully, we reserve the right to substitute varieties which shall be as near like those ordered as poss'ble.

Terms of payment, Cash.
